- 1. **Fillmore Fish Hatchery**-Produces approximately one million Rainbow Trout each year and stocks Southern California Lakes, reservoirs and streams.
- 2. **Downtown Fillmore**-Nestled in the valley among lush citrus and avocado groves with a population of approximately 13,000. The downtown district is reminiscent of the 30s and 40s with quaint shops, restaurants and historic landmarks.
- 3. **Sunkist Lemon Packing Plant**-One of several packing plants on the branch line. In its heyday this plant packed over 100 refrigerator cars each day going to the East Coast markets to be distributed worldwide.
- 4. **Sespe Condor Sanctuary**-A 53,000 acre Sanctuary established in 1947 to protect the California condor.
- 5. **Bronzestone Quarry**-Sespe Bronzestone is a colorful rock composed of a mixture in varying degrees of silicon, magnesium, calcium and aluminum oxides. The stone was extensively used by the Southern Pacific Railroad in building foundations for bridges and trestles all along its California routes.
- 6. **Mt. San Cayetano**-Legend has it that pine trees

- in the pine groves seen from the Fillmore Valley were used in the bean construction of Ventura County's Mission and Ranchos. Known by the Indians as "Father Mountain".
- 7. **Sanitary Dairy**-Built in 1916, the Dairy was the milk supplier for the Santa Clara Valley.
- 8. **Ranchito Sespe**-Originally planned to be a township in the early 1800s, but was never established. However, it was one of the leading citrus producers and the largest privately owned packing facilities in the Valley.
- 9. **Ranchito Sespe**-Originally planned to be a township in the early 1800s, but was never established. However, it was one of the leading citrus producers and the largest privately owned packing facilities in the Valley.
- 10. **Sanitary Dairy**-Built in 1916, the Dairy was the milk supplier for the Santa Clara Valley.
- 11. **Queen Anne School**-The Queen Anne School seen from the train and on Hwy 126 is the fourth institution built to educate the elementary students living in the Santa Clara School District. The building opened in 1896 to 60 pupils in the spacious one room school. Today it continues to serve students from Kindergarten through the Fifth Grade, and is one of the last of its kind in the State.
- 12. **Santa Paula Peak**-Located to the north, the Santa Paula Ridge with the prominent peak being Santa Paula Peak (alt. 4945'). Appearing on the ridge are the tops of a unique conifer called the Big Cone Spruce. The south border of the Los Padres National Forest (this broad swath of mountains, canyons and trout streams) is known to locals as the Back Country. With few roads and many trails, it offers spectacular scenery and welcomed solitude.
- 13. **Steekel Park**-Santa Paula Creek flows through this beautiful park which has much to offer: shade trees, an aviary, fishing, hiking, BBQ and campground.
- 14. **South Mountain**-Paralleling the Ridge on the Southside of the Santa Clara River Valley is South Mountain. The site of rich oil fields developed in the late teens; the discerning eye can spot evidence of oil activity. The range is actually the western end of the San Gabriel Mountains.
- 15. **Santa Paula Airport & Aviation Museum**-The Aviation Museum highlights the history of this 1930s airport, home to one of the largest antique aircraft collections in the world.
- 16. **Santa Paula Depot**-The Depot is one of Santa Paula's oldest commercial enterprises. The train station was completed in April 1887, and from 1887 to 1904, this was the main line connecting the central route with the coastline. The Depot is the last one in Ventura County to be both intact and on its original parcel. It remains a popular photo op for amateurs, television and movie studios.
- 17. **The Mill**-Completed in 1888, the huge wooden structure was one of a chain of six built by the Southern Mill and Warehouse Company to store tons of dried lima beans. For years, The Mill served as a popular feed and grain store and was previously operated as a collection of antique shops. In fall 2012, The Mill will be home to The Ventura County Agriculture Museum.
- 18. **California Oil Museum**-The 2-story building was completely restored and refurbished by UNOCAL to celebrate its 100th anniversary in 1990. The museum offers interesting hands-on exhibits that explain and interpret the oil industry including an authentic working cable-tool rig.
- 19. **The Summit Restaurant**-Opened in 1969 and still using some of their famous recipes: chili, corn burritos, and sauces. Best Homemade Strawberry shakes in Ventura County and the best burgers in Ojai. Tell 'em Dave sent ya!

### Steam Locomotive #14

Cloquet, MN August 14, 1953

After many years of on-again, off-again attempts to restore the 1913 Baldwin Steam Locomotive #14, a 2-8-0, the job is finally complete. Fillmore & Western enlisted some of the most knowledgeable and proficient "steam mechanics" in the business. They worked their magic, putting in countless hours, working with boiler and welding experts, researching the decades-old schematics and adapting and retooling the tender, trucks and body. It all required a large capital investment, but is anticipated to attract many thousands of railfans and ultimately film production companies seeking an authentic steam locomotive. Our website, [www.fwry.com](http://www.fwry.com), will list the scheduled runs in 2011. Back in service after a 50-year absence, the #14 will reign as "Queen of the Santa Paula Branch Line"

Fillmore, CA Work In Progress

Fillmore, CA Fully Restored

If you would like to be a part of restoring other historic locomotives and railroad rolling stock, Contact CalLoco at [www.calloco.org](http://www.calloco.org).  
CalLoco is a 501(c)3 non-profit organization whose goal it is to insure the availability of antique, historical and out of production railroad locomotives for future generations to observe, examine, study and operate.
